We are delighted to have new playground markings finished today 🙌. The children have loved playing on them (and the excitement of watching them being made). A big thank you to our wonderful PTA who raised the money for them 💘.

New Playground Markings

We are delighted with the new playground markings - the children can't wait to go outside and are enjoying playing with them! They were also very entertained watching the company spray the floor with the new designs.

A huge thank you to the PTA and to all the parents whose fundraising made this possible. School improvements would not be possible without the ongoing support of our amazing PTA and school community.

This week we have really enjoyed welcoming caterpillars to our class. We have looked at the story the very hungry caterpillar and are learning about the lifecycle of a butterfly. Our caterpillars are growing so fast each day. 🐛

Next week we will be beginning a new Design & Technology project, designing and making a chair for a toy. The children can design their chair for one of their own toys so please can the children bring one in next week. It should be larger than 10cm, but smaller than 30cm. It will live in school for the next two weeks until the project is completed.

In addition, we are kindly asking for some additional box modelling materials to make the chair. We are looking for kitchen roll sized tubes or similar items (but not toilet roll tubes), yoghurt pots and boxes which are cereal box size and smaller. Please ensure these items are all clean and free of nuts. Thank you in advance!

This week we our cocoons turned into beautiful butterflies. We let them fly away in the playground garden 🦋.

RMSA Flight Challenge 2026

This afternoon we welcomed Mr Belton, Headteacher at Jesse Gray, into school to introduce this year's challenge. He enthused us with Nottingham's history of flight and inspired us to get designing and building.
The challenge is to build " a hand launched unpowered free flight aircraft that can stay in the air for the longest time".
Parents and Carers will be sent an email tomorrow giving much more detail on the challenge.
Mr Belton showed us some aeroplane parts and demonstrated how light and strong they were. He talked to us about building prototypes and about testing and improving our designs so they fly for longer.
We hope to inspire the designers, engineers and scientists amongst us! More information will follow in the coming weeks about how to register if you want to enter.
Good luck!

The RMSA Flight Challenge Winner

A massive WELL DONE to everyone who had a go! We were inundated with amazing aircrafts and the children had a lot of fun watching them being thrown.

We are very proud to announce that one of our Reception children won! Congratulations!

We had a fantastic day out at White Post Farm today. We got to see, hold and feed lots of animals and found out some interesting facts about them. We also had a great time at the park at the end. The children were amazing

We are very excited about the Community Food Festival on Saturday. The PTA are looking for volunteers to help across the bake off, tuck shop and bar. If anyone can spare an hour on Saturday and can help with this community event please sign up using this link:

https://volunteersignup.org/XFJPA

Thank you as always for your support.

Dear parents, carers and wider family.
At West Bridgford Infant School we enjoy learning about the religions and beliefs of the children. If you would like to come into school to talk about your religion and beliefs you would be most welcome. In the past this has been very enlightening for both staff and pupils . Also the children whose religions have been talked about have felt very proud to be represented. This can be in the form of a small class talk or if you feel more confident, a year group talk or an assembly.
Please email the office for the attention of Ms. Trippier or contact your class teacher.

We have had a great maths day today learning all about money. The year 3s came over and we worked together on an activity. We were also joined by 2 A level students from West Bridgford school. They were very impressed with our maths skills!

Yesterday we had a coach from Nottingham County Cricket Club to work with our class.
Freddie and Francis, professional players from Notts, also joined in with the session.
In assembly we had the opportunity to ask questions all about their career and training.

. Trent Bridge.

Some Year 2 children had the opportunity to be Flag Bearers for the women's match between The Blaze and Yorkshire today.

The children met Nuts the Squirrel and got to watch some of the match, including some wickets!

Have a lovely half term.
