

COMPUTING

Multimedia – Year 1

Photo/Video

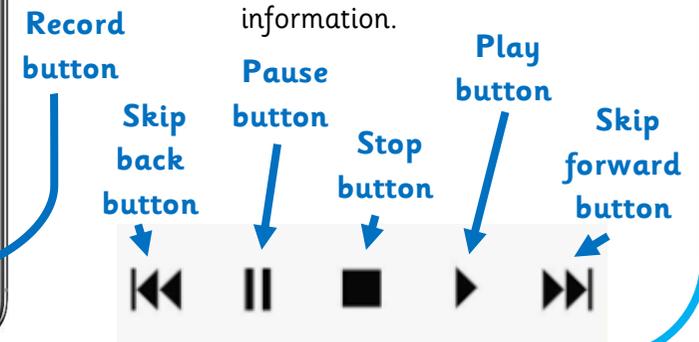

I know how to shoot a photo/video:

1. Hold the device steady with 2 hands
2. Point and focus on the subject
3. Press the capture button
4. Check the photo looks ok and re-take if needed

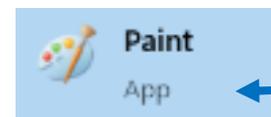

Sound

I know that I can record, play back and listen to sound. This might be to listen to music, to record a voice note or to listen to some information.

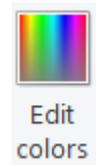

Graphics

I know I can create my own graphics using software like **Paint**.

I know I can choose a brush or a shape to create my graphics.

I know I can choose a colour to customise my picture.

I know this button **saves** my work

I know this button **undoes** a mistake

I know this button **redoes** the last action.

I know that we can use a program called **Microsoft Word**.

Word Processing

My Weekend
On Saturday I visited the park.
It was really su

The flashing cursor tells me where I am typing.

I know that word processors let me type text and insert images onto a page.

This area lets you change the font, colour and size of your writing.
